In another important decision bearing on labor matters, the court held that officials of the Carpenters union are not liable for prosecution under the Sherman Anti-Trust Act for activities growing out of a furisdictional quarter.

Anti-Trust Act for activities growing out of a jurisdictional quarrel with another union.

The wage-hour case opinion specifically overruled the Supreme Court's famous 1918 decision which held unconstitutional a statute prohibiting the interstate transportation of child-made goods. Apparently the decision would permit the federal government to regulate child labor under provisions contained in the wage-hour law. That would make unnecessary further action by the states on the pending constitutional amendment to abolish child labor. In still another labor case, the court upheld an order issued under the wage-hour law fixing a der the wage-hour law fixing a minimum wage of 321-2 cents an hour for textile workers. an increase of 87 students in the white schools and a decrease is in the colored.

Norwood attributed the decrease in the negro schools to an error made in the compilation of the the first grade enrollment figure, at 86 instead of the actual number of 58, a difference of 28

The school superintendent said the increase in the white schools results largely from late enrollments and the return of students who have been ill.

Total number of students enwhite schools amount to 2,363 while the colored schools show an enrollment figure of 901, making a grand total of 3,264 scholastics in the Corsicana schools.

Spring Livestock Dates Announced By Club Officials

A change in dates for the first annual spring livestock show for members of 4-H Clubs and Future Farmer Chapters was announced Monday following a meeting of shound to the should be and to cational agri-culture teachers last week. The show will be held on Friday, March 28, at the grounds of the Corsicana Livestock and Agricult-ural Show, instead of on March

ural Show, instead of on March 5, the original tentative date. In announcing the later date, Assistant County Agent A. P. Bralley, in charge of boys' activities in the area, pointed out the extra time would give a majority of the boys a better opportunity to get their livestock in show condition and better weather might

be expected.

At the recent meeting, J. N.
Edens, sponsor of the boys' loan
plan and president of the fair association, discussed plans with the leaders and teachers for de-veloping the spring show into an outstanding annual event. It was pointed out the sponsors did not expect the first show to include very many fully conditioned ani-mals but it would supply an in-centive to the boys feeding for the

fall show.

Further details of the show will Further details of the show will be completed in the near future by a committee composed of Roy Cloud, chairman, R. L. Barron, Quinton Matthews, and M. S. Hammack. It is expected one class will be devoted to nurse-fed animals, and two for dry-lot feeding, in addition to classes for fat lambs and hors. lambs and hogs.

Urges Total Defense.

AUSTIN, Feb. 3.—(P)—Urging total defense to meet the threat of total war, Maj, Gen. Paul B. Malone, retired, warned a joint session of the Texas legislature today that "we must not forget in these days of intense propaganda, that the flag of the United States is our only flag."

The speaker, calling attention to the thousands of young men being calld into military service by the draft, said that "your sons will soon join their commands to defend America or cross the sea to die in foreign lands in defense

General Malone contended that

thus far in the war England hasn't even been knocked down that her army losses are less than tie casualties suffered by two American divisions in two offensives during the last war, and that Britain's resources haven't heen touched. He expressed confi-dence that England will be able to survive the German attacks with the help of American factor-
